Unitil Energy Systems, Inc., (“UES” or “Company”) submits this Petition
requesting:

1) approval of the New Hampshire Public Utilities Commission (“Commission”) of UES’s solicitation and procurement of three contracts for Default Service (“DS”). The first contract is for 100 percent of medium customer (G2 and outdoor lighting) default service requirements for six months in duration, December 1, 2021, through May 31, 2022; the second contract is for 100 percent of small customer (residential) default service requirements for six months in duration, December 1, 2021, through May 31, 2022; and the third contract is for 100 percent of large customer (G1) default service requirements for six months in duration, December 1, 2021, through May 31, 2022; and

2) approval of proposed tariffs incorporating the results of this solicitation into rates. As part of this request, and as discussed more fully below, UES seeks a final order granting the approvals requested herein no later than October 8, 2021. In support of its Petition, UES states the following:

Petitioner

UES is a New Hampshire corporation and public utility primarily engaged in the distribution of electricity in the capital and seacoast regions of New Hampshire.

Background

Pursuant to the terms of the Settlement Agreement approved by the Commission in NHPUC Order No. 24,511, and as modified by the approvals granted in subsequent

orders, including, most recently, Order No. 26,470, UES has solicited for DS power supplies for three contracts: The first contract is for 100 percent of medium customer default service requirements, six months in duration. The second contract is for 100 percent of small customer default service requirements for six months in duration. The third contract is for 100 percent of large customer default service requirements, six months in duration. All contract deliveries will begin December 1, 2021. The solicitation process was conducted in accordance with the model schedule contained in the Settlement Agreement, as modified by the approvals granted in Order No. 25,397.

UES submits this Petition in compliance with the Settlement Agreement and orders issued in Docket No. DE 05-064 and subsequent related proceedings, and requests approval of the results of its most recent solicitation, as described more fully below and in the attached exhibits, and also requests approval of the tariffs included with this filing.

Details of UES's

compliance in this regard are set forth in Exhibit JMP-1 and the Bid Evaluation Report attached as Schedule JMP-1 thereto. A copy of the RFP with Appendices is included as Schedule JMP-2. Confidential Material

UES requests protective treatment, pursuant to the procedures in Puc 201.06 and Puc 201.07, with respect to: the designated portions of Tab A CONFIDENTIAL of Schedule JMP-1; Page 2 of Schedule LSM-2; and the e-mails exchanged with the counsel for the Department of Energy and the Office of the Consumer Advocate on October 1, 2021, which contain confidential material. UES does not request confidential treatment of the identity of the winning bidders, which are provided in the cover letter and also in the public pre-filed testimony of Mr. Pentz in Exhibit JMP-1, accompanying this Petition.

Request for Approvals

UES respectfully requests that the Commission issue a final order no later than October 8, 2021, containing the following findings of fact, conclusions and approvals:

1. FIND that UES has followed the solicitation process approved by the Commission;
2. FIND that UES's analysis of the bids submitted was reasonable;
3. FIND that UES has supplied a reasonable rationale for its choice of supplier.
4. CONCLUDE that, based upon the above Findings, the power supply costs which result from the solicitation are reasonable;
5. CONCLUDE that, based upon the above Findings and Conclusion that the power supply costs which result from the solicitation are reasonable, and subject to the ongoing obligation of UES to act prudently, according to law and in conformity with Commission orders, the amounts payable to the seller for power

supply costs under the power supply agreements for G1 and non-G1 customers are approved for inclusion in retail rates beginning December 1, 2021.

6. GRANT APPROVAL of the tariff changes requested herein.
7. GRANT APPROVAL of the request for Protective Treatment of the designated confidential material pursuant to Puc 201.06 and Puc 201.07.
