---

To Whom it May Concern,

I am writing in regards to the opposition by the towns of Hampton and North Hampton to our 43 houses in the Wiggin Way/Winterberry Lane Homeowners Association becoming permanent customers of Aquarion Water Company.

Let's take a step back and have some perspective; look at what is happening with Russia and Ukraine today. And here we are, NEIGHBORS fighting NEIGHBORS, over access to clean water? It's absolute insanity.

There is no basis for Hampton, North Hampton, or any other town, to weigh in on **how or who** a private utility company serves. Enough is enough. Out of respect for the many blessings we all have as New Hampshire residents and US Citizens, and due to far more important issues going on in the world right now, **please finalize the decision to make the connection permanent, allow each household to have our own water meters and pay the same rate that any other customer of Aquarion pays for water usage.**

Thank you,

Kathleen Feeney
