FROM:  Corrine Lemay, Management Analyst

SUBJECT: DM 21-114, Stanley Energy
Application to Renew Registration as a Provider of Electric
Aggregation Service
Staff Recommendation

TO: Debra Howland, Executive Director

On June 3, 2021, Stanley Energy (Stanley) filed an application to renew its registration as a provider of electric aggregation service and a waiver request of Puc 2003.06. Stanley's currently-effective registration expires on June 29, 2021.

Staff has reviewed the application and has determined that the filing is complete and the application meets the requirements for registration under N.H. Code Admin. Rules Puc 2000. Staff notes that, pursuant to Puc 2003.06(a), Stanley's renewal application should have been filed at least 60 days prior to the expiration of the currently-effective registration, on or before April 30, 2021. Staff recommends that a waiver of Puc 2003.06(a) be granted under Puc 201.05 and that Stanley's application to renew its registration as a provider of electric aggregation service be approved, effective as of June 29, 2021, for a term of two years.
