Re: DW 21-115 – Pennichuck Water Works, Inc. and Anheuser-Busch, LLC
Request for Approval of Special Contract

Dear Chairman Goldner:

Pursuant to the Commission's temporary electronic filing requirements, enclosed please find for filing a settlement agreement entered into between Pennichuck Water Works, Inc. and the Department of Energy, the two active parties to this proceeding. This settlement agreement contains attachments A through G which are attached as separate documents for ease of the Commission's posting to Docket Book. Attachment F is a compilation of relevant data responses; any interim cost of service models referenced in those data responses have been superseded by Attachment G and are for that reason not included in Attachment F. Attachment G, the cost of service rate model, is also attached in its Excel version. The pages of the settlement and attachments have been sequentially numbered as it constitutes one document.

Because Pennichuck Water Works Inc.'s original filing has been subject to discovery, this settlement agreement represents the most up to date request by Pennichuck Water Works, Inc. and Anheuser-Busch, LLC as to the rates they seek in the proposed special contract.

Thank you for your assistance with this filing. Please do not hesitate to contact me if you have any questions.

Very Truly Yours,

A handwritten signature in cursive script that reads "Marcia A. Brown".
