New Hampshire Public Utilities Commission

Dear Chairman Goldner:

**Re: DG 21-130; Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty  
Winter 2021/2022 Cost of Gas and Summer 2022 Cost of Gas  
Compliance Tariff**

On October 29, 2021, the Commission issued Order No. 26,541 in Docket No. DG 21-130 approving rates on an interim and provisional basis for both the winter 2021/2022 and summer 2022 Cost of Gas. On November 15, 2021, Liberty ("the Company") submitted the following tariff pages reflecting the approved rates set forth in the above-referenced order:

- First Revised Page 5, 87, 89, 91, 92, 94, 95, 96, 98, 99, 100, 101, 153, and 154
- Fourth Revised Page 1, 3, and 4

On November 16, 2021, the Department of Energy ("Energy") filed a letter identifying a mistake in the Company's filing (a portion of the redlined tariff was not properly redlined). The corrected redlined tariff pages are attached.

As to Energy's comments regarding whether Tariff No. 11 is in effect, please see the Company's September 14, 2021, letter in Docket No. DG 20-105, explaining why the issue raised in the letter of non-compliance is unfounded, and note that the tariff has gone into effect by operation of law because the Commission did not act within 30 days of filing. RSA 378:3 and Puc 1603.03(a)(1).

Thank you for your attention to this matter. Please do not hesitate to call if you have any questions.

Sincerely,

Catherine A. McNamara
