Re: Northern Utilities, Inc., New Hampshire Division - Docket DG 21-131  
November 2021 Monthly Cost of Gas Report

Dear Chairman Goldner:

Pursuant to Commission Order No. 26,539 in Docket DG 21-131, enclosed is Northern Utilities - New Hampshire Division's ("Northern") current calculation of its projected over or under-collection of gas costs for the 2021-2022 winter season.

The current calculation of costs has been updated to reflect Northern's actual October 31, 2021 balance and NYMEX futures prices as of November 22, 2021. The updated calculations indicate that a rate change is not required at this time. Support for this decision is provided in the attached summary and tables.
