**RE:** DE 22-011 Public Service Company of New Hampshire d/b/a Eversource Energy  
Line Extension Rate Filing

Chair Goldner:

On March 15, 2022 Public Service Company of New Hampshire d/b/a Eversource Energy (“Eversource”) filed its annual line extension rate pursuant to the settlement agreement in Order No. 25,046 dated November 20, 2009. The Commission opened this instant docket to review and approve this rate for effect April 1, 2022 through March 31, 2022.

After multiple meetings and discussions with the New Hampshire Department of Energy (“DOE”), Eversource has updated its filing and adjusted the rate to reflect DOE’s recommendations. In this filing, Eversource provides an updated technical statement of George J. Knowles that reports the average cost per foot calculations applicable to the period April 1, 2022 through March 31, 2023.

Eversource reiterates its request, pursuant to RSA 378:3 and Puc 1603.07, that this rate be effective on April 1, 2022, consistent with the settlement agreement. Eversource has included proposed tariff pages implementing the new rate with this filing. Following the March 17<sup>th</sup> letter of the Commission this petition is being filed electronically only; paper copies will not follow. If you have any questions, please contact me. Thank you for your assistance with this matter.
