Re: DW 22-012 – Bodwell Waste Services Corporation  
Notice of Order Posting on Website

Dear Chairman Goldner:

On September 15, 2022, the Commission approved Bodwell Waste Services Corporation's (Bodwell) petition to transfer its assets and customers to the City of Manchester and Town of Londonderry and terminate its provision of regulated utility service. Bodwell greatly appreciates the Commission's timely approval.

This letter is to inform the Commission that Bodwell has posted the Commission's order on its website so as to keep its customers informed. Bodwell has also posted to its web site hearing Exhibit 7 which detailed the anticipated construction schedule. Further, Bodwell has prepared a bill insert to mail to customers with the October 1<sup>st</sup> billing that also announces the Commission's order approving the petition. Bodwell will continue to keep the Commission informed as it winds down its affairs as a regulated public utility.

Thank you in advance for your assistance with this filing.

Very Truly Yours,

A handwritten signature in black ink that reads "Marcia A. Brown".

# ANNOUNCEMENT

## Order Approving Petition

NH PUC Order No. 26,687 approved on Sept. 15, 2022

PUC ORDER APPROVING PETITION

**We provide sewer services to residents in Manchester and Londonderry, New Hampshire.**

We remove your wastewater so that you don't have to waste time thinking about it.

# Documentation & Legal

### Tariff for Sewer Collection and Transmission

The Tariff provides a description of the service area, the terms and conditions under which service is provided, and the applicable rate schedules. This document provides us with the legal rights to operate.

### Petition for Approval to Terminate Service

In 2022, Bodwell Waste Services filed a petition for approval to terminate service. We will continue to provide sewer services to all customers in our service area during this transition. The City of Manchester will provide services to all customers in the service area afterwards. The document below is the petition for approval as submitted to the New Hampshire Public Utilities Commission.
