Re: Delivery Service Tariff NHPUC No. 10 Tariff Pages Effective November 1, 2022

Dear Mr. Goldner:

In compliance with the Commission's Order No. 26,709 in Docket No. DE 22-030 (Order Approving Petition, As Modified), the following tariff pages are transmitted herewith:

NHPUC No. 10 - Electricity Delivery
Public Service of New Hampshire dba Eversource Energy

1st Revised Page 47B, 47C, 47D

2nd Revised Page 19A,

3rd Revised Pages 75, 76, 77, 82, 83

5th Revised Page 41, 42, 45, 46, 47, 50, 51, 52, 55, 59, 62, 66, 72

Effective: November 1, 2022

These tariff pages implement an increase in the Company's distribution charges effective November 1, 2022 as approved by the Commission in the Order referenced above.

Red-lined tariff pages denoting the distribution charge changes effective November 1, 2022 have been submitted for easy identification of the changes.

Supplemental Information on the Filing

The enclosed "Summary of Rates" reports summarize all the rates and charges in the Company's tariff by month, rate class and rate component. In addition, we have enclosed a schedule of "Typical Bill Comparisons" based on the rates in effect on August 1, 2022 and the new rates. For a residential customer served under Rate R using 600 kilowatt-hours, the combined effect of all rate changes results in a net increase of \$1.28 or .05%.

When the new rates are compared to the rates in effect on November 1, 2021 (a similar period), the monthly bill amount for the same residential customer will increase \$77 or 61%.
