**Re: Docket DE 22-030  
Public Service Company of New Hampshire d/b/a Eversource Energy  
Tariff Revisions for effect August 1, 2023**

Dear Chairman Goldner:

The New Hampshire Public Utilities Commission (the “Commission”) issued Order No. 26,709 in Docket DE 22-030 on October 20, 2022 (the “Order”). The Order approved the Company’s Third Step Adjustment and authorized Public Service Company of New Hampshire d/b/a Eversource Energy (the “Company”) to implement distribution rates effective November 1, 2022 for a nine (9) month collection period through July 31, 2023, and thereafter on a 12-month schedule, with monthly rates adjusted downward accordingly, as set forth in DE 22-030, Exhibit 19. Order at 8.

On June 30, 2023 the Company filed revised tariff pages to reflect the reversion to a 12 month rate for effect on August 1, 2023 consistent with the Order. The Company’s June 30, 2023 filing demonstrated compliance with the simplified process of a “service or tariff change” filing pursuant to Puc 1605. Accordingly, the Company requested that the new tariff pages being permitted to take effect by operation of law by the passage of 30 days consistent with Puc 1603.07(a)(1).

On July 12, 2023, the Commission issued a procedural order reopening this docket (Docket No. DE 22-030) and stating that it would “conduct its usual tariff review” consistent with the Order. No further action has been taken by any party or the Commission. Accordingly, the Company interprets the Commission’s silence with respect to the June 30, 2023 filing as allowing the revised tariff pages to take effect by operation of law, and the new lower rate will be implemented effective today.
