**Re: Docket No. DE 22-031  
Public Service Company of New Hampshire d/b/a Eversource Energy  
Petition for Recovery of Storm Expenses**

Dear Chairman Goldner:

Pursuant to the New Hampshire Public Utilities Commission's ("Commission") November 22, 2022 procedural order, the Department of Energy ("DOE") filed its technical statement in the above-referenced proceeding on December 20, 2022. Public Service Company of New Hampshire d/b/a Eversource Energy ("Eversource" or the "Company") has reviewed DOE's technical statement and concurs with DOE's statement that no additional process is necessary in this proceeding. As stated in DOE's filing letter and technical statement, Eversource does not object to DOE's recommendation to remove \$24,262 from the total costs reported by the Company consistent with the DOE Audit Division's Final Audit Report. The Company supports DOE's recommendation that the Company be authorized to recover \$45,337,135, including carrying costs as of March 31, 2022.

This letter is submitted pursuant to the procedural schedule set forth in the Commission's November 22, 2022 procedural order. If you have any questions, please do not hesitate to contact me. Thank you for your attention to this matter.

Sincerely,

Jessica Buno Ralston
