**Re: Docket No. DE 22-035; Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty
Request for Step Increase**

Dear Chair Goldner:

On behalf of Liberty Utilities (Granite State Electric) Corp., d/b/a Liberty, and in response to Commission Order No. 26,780 issued on March 1, 2023, in this docket, attached please find the *Technical Statement of Heather M. Tebbetts*, with attachments. This filing provides the revised distribution rate calculation to refund \$575,023 to customers through the distribution rate effective March 1, 2023, through July 31, 2023. The \$575,023 is intended to refund the revenue requirement associated with agreed audit issues and the two Salem area growth projects and calculates rates necessary to retroactively adjust the step increase with these changes. The Company requests a waiver of the requirement to file clean and redlined versions of the updated tariff pages due to the timing of the filing and will file updated clean and redlined versions of the updated tariff pages with the tariff compliance filing.

Liberty provided the revised rate calculations to the New Hampshire Department of Energy ("DOE"). The DOE does not object to the revised rate calculations.

To avoid holding up customer bills, the Company is requesting a response from the Commission indicating approval of the revised percentage calculation and resulting distribution rates by March 3, 2023.

Daniel Goldner, Chair
