**Re: IR 22-042; Liberty Utilities (EnergyNorth Natural Gas) Corp. d/b/a Liberty  
Energy Efficiency Programs  
Performance Incentive Calculation – 2023**

Dear Chairman Goldner:

Attached for filing with the Commission is Liberty's performance incentive calculation relating to the Energy Efficiency Programs for the program year 2023.

Pursuant to the Commission's procedural order issued on July 28, 2022, in Docket No. DE 20-092, this 2023 report is being filed under Docket No. IR 22-042. The order states:

"The Commission is mindful that the Joint Utilities are required to regularly file reports, including quarterly and annual reports related to energy efficiency programming, and that the Commission imposed supplemental reporting requirements pursuant to Order No. 26,621 (April 29, 2022), including reports to be filed no later than July 31, 2022. A new docket, No. IR 22-042, will be opened, in which the Commission will receive, examine, and investigate the Joint Utilities' regular and supplemental reports on energy efficiency programming for the remainder of the 2022 and 2023 triennium. The Joint Utilities are directed to make all such filings into Docket No. IR 22-042 as of the date of this order. An order of notice for Docket No. IR 22-042 will be issued in due course."

Thank you for your attention to this matter. Please do not hesitate to call if you have any questions.

Sincerely,

/s/ Tyler Culbertson

Tyler Culbertson
