Re: Docket No. DW 22-058 (Bedford Waste Services Corporation)
Request for Change in Rates
NH Department of Energy Position Statement from Docket No. DW 22-054

Dear Chairman Goldner:

On September 9, 2022, Bedford Waste Services Corporation (Bedford Waste or the Company) petitioned for approval of approximately \$201,743 in financing which the Public Utilities Commission (Commission) docketed as DW 22-054. Shortly thereafter, the Company filed its Notice of Intent to File Rates in the above-referenced docket on September 15, 2022.

On October 27, 2022, the NH Department of Energy (DOE) filed its Position Statement in Docket No. DW 22-054, which, in part, recommended that the financing request be examined in conjunction with Bedford Waste's pending rate request within Docket No. DW 22-058. As such, please accept the attached DOE Position Statement for filing in the Company's rate request docket so that both docket records reflect the DOE's recommendation.

Thank you for your attention to this request. Pursuant to current Commission policy, this filing is being made electronically only.

Sincerely,

/s/ Christopher R. Tuomala
