Re: DW 22-058 Bedford Waste Services Corporation Petition for Change in Rates -
Permanent Rate Proceeding - Tariff Pages 6a and 7 Compliance Filing
New Hampshire Department of Energy's Analysis and Recommendation

Dear Chairman Goldner:

Pursuant to RSA 12-P:2, IV, please accept this letter as the New Hampshire Department of Energy's (DOE) analysis and recommendation in the above-referenced docket as requested by the Public Utilities Commission (Commission) in its Order issued on September 12, 2023.

On September 20, 2023, Bedford Waste Services Corporation (Bedford, the Company) filed revised tariff pages as requested in Commission Order No. 26,884 (September 12, 2023). The DOE fully reviewed revised pages 6a and 7 as submitted by the Company. Based on its examination, the DOE took exception to the effective date indicated in the Company's proposed tariff pages. The DOE contacted the Company to communicate its belief that the Effective Date indicated on pages 6a and 7 should coincide with the date of Commission Order No. 26,884, which is September 12, 2023. As a result of DOE's conversations with the Company, Bedford changed the effective date on tariff page 6a and added a rate clarification note to tariff page 7. These updates were filed by Bedford on September 28, 2023. The DOE takes no exception to the revised tariff pages 6a and 7 as resubmitted by Bedford on September 28, 2023.

Thank you for your consideration.

Sincerely,

A handwritten signature in cursive script that reads "Matthew C. Young".
