Re: Docket No. DW 22-058 (Bedford Waste Services Corporation)  
Request for Change in Rates  
Bedford Three Corners Owners Association, Inc. - Request for hearing on decision

Dear Chairman Goldner:

On December 14, 2023, the Public Service Commission issued Order No. 26,912, Order *Nisi* Approving Recovery of Rate Case Expenses and Reconciliation of Temporary-to-Permanent Rates and Granting Motion for Confidential Treatment.

The ratepayers affected by this, Bedford Three Corners Owners Association, Inc., are submitting this letter to be used as a Motion to Request a hearing on the aforementioned decision.

The concerns and objections of Bedford Three Corners Owners Association, Inc. are as follows:

A vehement objection to this Motion for Confidential Treatment without any explanation given to the ratepayers. Who is hiding what?

A 74% increase in rates from \$155 per quarter to approximately \$270 per quarter without any open meeting for the ratepayers to express their concerns such as seen for other larger utilities in the state. How does the PUC allow Bedford Waste to recover expenses that equal to one year's revenue for a company when underfunding is still an issue?

A small 'boutique' waste company with 78 users and no ability to add customers that has to follow the same rules that apply to much larger utilities. There need to be exemptions made in these cases for the rate holders and the owners of Bedford Waste to make this work.

Is Bedford Waste Company a profit or non-profit entity? If so, why are the investors not covering shortfalls instead of the ratepayers?

A plain language explanation of how the PUC came to this decision.

Thank you for your attention to this request. Pursuant to current Commission policy, this filing is being made electronically only

Sincerely,
