ELECTRIC DISTRIBUTION UTILITIES

**Consideration of Changes to the Current Net Metering Tariff Structure,
Including Compensation of Customer-Generators**

Procedural Order Re: Request for Remote Participation

The Commission scheduled an in-person pre-hearing conference in this matter on January 5, 2023. On January 3, 2023, Public Service Company of New Hampshire d/b/a Eversource Energy (Eversource) filed a request for remote participation by Brian Rice, Director of the Customer Solar Program, due to a scheduling conflict that requires him to be in Massachusetts the day of the hearing and will prevent him from traveling to New Hampshire. Eversource represents that this obligation arose over the holidays, and that Eversource only became aware of it on January 3, 2023. As of today's date, no responses to Eversource's motion have been filed.

Given the limited time remaining before the January 5, 2023 prehearing conference, the Commission waives the 10-day objection period under New Hampshire Code of Administrative Rules, Puc 203.07(e). *See* N.H. Admin. R., Puc 201.05. The Commission finds that Eversource has provided good reason for Mr. Rice to appear remotely on January 5, 2023. Therefore, Eversource's request for remote participation is GRANTED, and a hybrid hearing format will be used for the January 5, 2023 prehearing conference to accommodate Mr. Rice. The filing of a separate request will be required for any other parties or witnesses wishing to appear remotely.

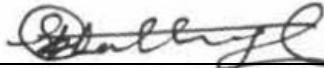

In its request, Eversource also sought permission for Mr. Rice to appear remotely at the technical session immediately following the prehearing conference. As the parties are

responsible for managing the technical session, they can make appropriate arrangements among themselves.

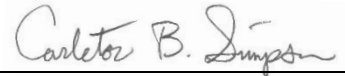

So ordered, this fourth day of January, 2023.
