**Re: Electric Delivery Service Tariff NHPUC No. 10 Tariff Page Effective January 1, 2023
System Benefits Charge**

Dear Chair Goldner:

By letter dated January 13, 2023 in Docket No. DE 22-081 (2023 Adjustments to the Energy Efficiency Portion of System Benefits Charges and Local Distribution Adjustment Charges), Public Service Company of New Hampshire dba Eversource Energy filed a compliance tariff page based on an earlier draft tariff page that was not in effect. Specifically, for tariff page 22, we used an earlier draft from our files that reflected an issue date of May 5, instead of the Commission-approved page 22 that reflects an issue date of May 19. No other differences existed between the two pages.

A corrected tariff page in both redline and clean version is attached to this filing. It now shows the compliance changes based on the correct page issued on May 19, 2022. Please substitute this for the tariff page 22 that was submitted in error. I apologize for the clerical error. Please contact me if you have any questions related to this correction.

Sincerely,

Scott R. Anderson
