RE: Puc 2204.04 Notification of Commencement of Service

Pursuant to Puc 2204.04 I am writing to provide official Notification of Community Power Aggregation Commencement of Service not sooner than 45 days hence, or on or after May 30, 2023 for the following Member municipalities for which the Community Power Coalition of New Hampshire serves as agent for purposes of implementing and operating their CPA programs:

1. City of Portsmouth for Portsmouth Community Power
2. Town of Canterbury for Canterbury Community Power

All three utilities (Eversource, Unitil, NH Electric Co-op) noticed herein serve some portion of some of these communities. Each municipality will be launching primarily on an opt-out alternative default service provider basis, although some groups of customers may be offered service only on an opt-in basis, particularly those that cannot be properly served by CPAs at present due to lack of Puc 2200 rule compliance by the utilities, including net energy metered and supply TOU-rate customers.

If you have any questions about this notice, please do not hesitate to be in touch.

Yours truly,

*Clifton Below*

Chair, CPCNH, (603) 448-5899, [Clifton.Below@CPCNH.org](mailto:Clifton.Below@CPCNH.org)
