**Re: Docket No. DE 23-027; Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty
Petition to Modify Cost of Gas Procedures**

Dear Chairman Goldner:

In Order No. 26,873 (August 14, 2023), the Commission ordered "that Liberty's Local Distribution Adjustment Charge Rates approved in Order Nos. 26,715 (October 31, 2022) and 26,737 (November 30, 2022) shall remain effective through January 31, 2024," and that Liberty file annotated tariff pages to implement this change.

Throughout the proceeding the Company has worked with the Department of Energy to draft the appropriate changes necessary to implement the directives in Order No. 26,873. On November 3, 2023, the Company finalized these changes with clean and annotated tariff pages with the intent of submission. On the evening of November 29, 2023, it was brought to the attention of the Company that subsequent tariff filings had skipped a revision number of what was currently on file with the Commission. It was at this point that the Company realized the final tariff pages were never submitted to the Commission on November 3, 2023.

On behalf of the Company, and in compliance with Order No. 26,873, attached please find clean and annotated tariff pages to implement the new effective date for the various LDAC components. To ensure that subsequent tariff filings remain compliant, please accept these tariff pages as an insertion into the record for November 3, 2023.

Thank you.

Daniel Goldner, Chairman
