Re: DE 23-028 Request to remove the condition on the approval of Allenstown Community Power Plan

Dear Chairman Goldner,

The Town of Allenstown's Community Power Plan was conditionally approved in Order No. 26,822 subject to the following single condition (emphasis added):

*"As such, we condition approval of Allenstown's Plan on its Education and Outreach Plan clearly communicating that **participants' exit from the program will be subject to reasonable notice to the distribution utility and may only occur after the next meter read, consistent with Puc 2204.05(g).**"*

To remedy this condition, we have added the highlighted language verbatim to the first paragraph in Exhibit II, and in the list of items to be included in the opt-out letter for eligible customers, see attached update with changes indicated. The Town of Allenstown takes customer notification very seriously, and appreciates the opportunity to clarify this issue further for its residents and businesses.

This notification is being sent at the same time to the department of energy, office of the consumer advocate, Eversource and Unitil, the distribution utilities serving Allenstown, and the New Hampshire Electric Coop, as required under Puc 2204.01(g).

Pursuant to current Commission policy, this filing is being made electronically only. Please do not hesitate to contact me if you have any questions.

Sincerely,

Derik Goodine
Town Administrator
