Re: DE 23-063, Joint Utilities, Petition for Waiver of Certain Provisions of the Puc 2200 Rules
Request for Approval of Remote Appearance by Contractors (Calpine Energy Solutions, LLC)

Dear Chairman Goldner,

On behalf of the Community Power Coalition of New Hampshire (CPCNH), I request permission for CPCNH's outside contractors to appear remotely at the pre-hearing conference scheduled for May 2, 2024 at 9:00 a.m.

Messrs. Sam Schmidt and James Lattos of Calpine Energy Solutions, LLC are both based in San Diego, CA and due to their other business responsibilities on the West Coast that week, it would not be reasonably practical for them to attend the pre-hearing conference in person. Mr. Schmidt serves as Vice President of Application Support where he manages a team responsible for the implementation and support of pricing, billing, settlement, customer relationship management, and Electronic Data Interchange (EDI) systems to support a large commercial and industrial energy services provider and Community Choice Aggregation (CCA) back office services provider. He successfully implemented and managed the systems to support the first 8 CCA programs in the State of California. Mr. Lattos serves as Managing Director of Market Settlements where he oversees the ISO/RTO settlements for Calpine Retail, Champion Energy, North America Power, Calpine Solutions, and Calpine Community Energy (CCE) in the ISO-NE, CAISO, NYISO, PJM, MISO, ERCOT markets.

Both Messrs. Schmidt and Lattos may serve as expert witnesses to CPCNH in this docket in the areas of billing systems, EDI and load settlements, and their

ability to participate in this conference remotely is of great importance to CPCNH.

Pursuant to the 7/24/23 Order of Notice in this matter, this filing is only being made electronically by email to the current service list including the Office of Consumer Advocate.

If you have any questions, please do not hesitate to contact me. Thank you.

Yours truly,

Clifton Below
