Commissioners

It has come to my attention that you are, again, willfully refusing to comply with your duties - and the law - as directed multiple times on a bipartisan basis by the legislature to adopt the NH Saves plan. In the words of Bill Belichick, "Do Your Job".

Your actions or inactions on complying with the law will only result in litigation, which will cost the taxpayers unnecessary \$ and tie up public servants (that's you) from executing on the will of the people.
