---

Daer PUC Clerk.

I am writing in support of the NH Saves program in Docket 23-068.

NH Saves has been working well for 20 years to help NH residents afford to make their homes and businesses more energy efficient and reduce the use of fossil fuels. NH Saves has saved hundreds of millions of dollars while lowering energy bills for NH residents and business owners. It supports at least 1,700 local jobs year around. It is a very successful program and it should continue.
