Dear PUC Clerk,

I am a resident and voter in the town of Bristol, NH and am writing in support of the NH Saves program in Docket 23-068. This wonderful program has over 20 years of successfully saving hundreds of millions of dollars in lowering energy bills for residential, commercial, and industrial customers. NH Saves also supports local jobs year round in the state. These local investments build our local economies, unlike fossil fuels that come from outside NH. Further, local government investments lower energy demands in public buildings, thus lowering demand on property taxes.

I feel it is imperative to continue to fund NH Saves and hope you will take my comments into consideration.

Sincerely,
Karen Bemis
