2024-2026 Triennial Energy Efficiency Plan

Docket No. DE 23-068

PETITION FOR INTERVENTION – CPOWER

Pursuant to the N.H. Admin. Rules Puc 203.17, and in accordance with the standards of RSA 541-A:32, CPower respectfully submits this motion requesting designation as an intervenor in the above referenced docket. In support of this Petition, CPower states the following.

1. CPower is a leading provider of distributed energy resource (DER) and load management services in New Hampshire and throughout the United States. More specifically, CPower helps its customers optimize storage, demand response, and energy efficiency assets in wholesale electricity markets and state programs, including the ConnectedSolutions program. As a demand response and DER service provider, CPower enables customers to provide load reductions to the system; these load reductions benefit all ratepayers by lowering costs and reducing emissions.
2. On June 30, 2023, Liberty Utilities (Granite State Electric) Corp. d/b/a Liberty Utilities; New Hampshire Electric Cooperative, Inc.; Public Service Company of New Hampshire d/b/a Eversource Energy; Unitil Energy Systems, Inc.; Liberty Utilities (EnergyNorth Natural Gas) Corp d/b/a Liberty Utilities; and

Northern Utilities, Inc. (the “NH Utilities”) submitted a Joint Petition for Approval of the 2024-2026 NHSaves Triennial Energy Efficiency Plan (the “Plan”)

3. CPower has a substantial interest in this proceeding because the Plan includes details related to Active Demand Reduction (ADR) program design and funding which affect CPower’s ability to provide services that create benefits for New Hampshire ratepayers. CPower’s interests are not otherwise represented in this proceeding. CPower’s participation in this matter is in the interest of justice and will not impair the orderly conduct of the proceeding.
4. Based on the foregoing, CPower respectfully requests that it be granted full intervenor status in this proceeding.

Sincerely,

Nancy Chafetz
