

**STATE OF NEW HAMPSHIRE  
PUBLIC UTILITIES COMMISSION**

**DE 24-006**

**TOWN OF LANCASTER**

**Request for Approval of Lancaster Community Power Plan**

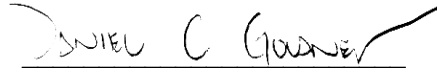

**Procedural Order Re: Closing Docket**

Pursuant to RSA 53-E:7, II all electric aggregation plans must be submitted to the Public Utilities Commission (Commission) to determine whether or not the plan conforms to the requirements of the RSA 53-E and any applicable administrative rules. The submission can occur either before or after the plan is submitted to the governing body of the municipality or county for approval. See RSA 53-E:7, II. On January 11, 2024 the Town of Lancaster (Town) filed its Community Power Electric Aggregation Plan (the Plan) for approval by the Commission prior to final approval of the Plan by the Town's legislative body. On March 8, 2024 the Plan, having met the statutory requirements and applicable administrative rules, was approved by the Commission. See Order No. 26,959 as amended on March 12, 2024.

On April 5, 2024, the Commission received an April 2, 2024 correspondence from the Town. The April 2, 2024 correspondence notified the Commission that on March 12, 2024 the Town's legislative body voted to reject the Plan. See April 5, 2024 correspondence. On April 1, 2024, the Town select board voted to dissolve the Lancaster Energy Committee and withdraw the Town's membership in the Community Power Coalition of New Hampshire. See *Id.*

Given that the Town rejected the Plan and is no longer participating in community power, this docket is now closed.

So ordered, this tenth day of April, 2024.

A handwritten signature in black ink, appearing to read "Daniel C. Goldner", written over a horizontal line.
