**Re: Petition of Pennichuck East Utility, Inc. for Approval
of Proposed 2024 Qualified Capital Project
Adjustment Charge
Docket No. DW 24-029**

Dear Chairman Goldner:

On October 14, 2024, the New Hampshire Public Utilities Commission (“Commission”) approved the assented-to procedural schedule previously filed by Pennichuck East Utility, Inc., (“Company”) on October 10, 2024 for Docket No. DW 24-029. After a meeting between the Company and Department of Energy (“Department”), the Company requests the Commission to once again amend the procedural schedule for the PEU 2024 QCPAC in DW 24-029 to allow for additional time to file the supplemental or updated customer notices regarding the 2024 QCPAC as follows:

Current Date:

Proposed Date:

Issue Updated Customer Notices to PWW and PEU Customers
Notifying them of Proposed Consolidated QCPAC Rate

by December 31, 2024

by January 31, 2025

The relief requested is consistent with PUC 203.13 requirements because the above-referenced schedule amendment will provide an additional month to allow the Company to provide clarity to customers on the 2024 QCPAC proceeding following the filing of a settlement in this matter and in Docket No. DW 23-101. The Company believes the additional time will also allow the Company to provide notices in the January bills as billing

inserts to avoid a separate mailing which will reduce costs for the Company and its ratepayers. The Company, with the assent of the Department, believes this requested schedule amendment will promote the orderly and efficient conduct of the petition and matter. There will be no undue hardship placed on the parties if the amended schedule is approved.
