STATE OF NEW HAMPSHIRE  
PUBLIC UTILITIES COMMISSION  
DW 24-068  
CHARLES EVANS AND EVANS FAMILY, LLC  
Petition for Franchise and Exemption from Regulation  
COMMENCEMENT OF ADJUDICATIVE PROCEEDING  
On April 29, 2024, Charles Evans and Evans Family, LLC (collectively, the petitioners) filed a Verified Petition for Franchise and Exemption From Regulation seeking: (1) to be granted a limited franchise to operate a sewer main extension pursuant to RSA 374:22 and RSA 374:26; and (2) to be exempt from regulation as a utility pursuant to RSA 362:4 because it will serve fewer than 75 customers. In support of their petition, the petitioners filed survey plans, proposed easement deeds, a map of the limits of the Town of Londonderry (Town) sewer system, property tax cards, and state and local permits. All docket filings, other than any information subject to confidential treatment, are available on the Commission's website at <https://www.puc.nh.gov/Regulatory/Docketbk/2024/24-068.html>.

#### I. BACKGROUND AND PROCEDURAL HISTORY

The petitioners are real estate developers and own multiple parcels of land in the Town. They recently sold a commercial lot, which currently houses a 75,000 square foot warehouse, located at 13 Page Road in the Town (the Lot) to an unrelated entity. As part of the sales contract, they agreed to install a sewer main connection to the Town's existing system. In order to comply with this requirement, the petitioners have proposed to construct a sewer extension connecting the Lot to the Town's system on Sanborn Road. The extension will run across other property owned by the petitioners that it is located between Sanborn Road and the Lot.

DW 24-068 - 2 -

In addition to the Lot, the petitioners note that the planned sewer main extension will also connect to two additional properties. The wastewater from all three properties will be treated by the Town. The petitioners will initially retain ownership of the sewer main. However, they indicated in their petition that the Town may eventually take ownership of the sewer main. Finally, the petitioners noted that up to
