

**BEFORE THE PUBLIC UTILITIES COMMISSION  
STATE OF NEW HAMPSHIRE**

**DOCKET NO. DE 24-070**

**PUBLIC SERVICE COMPANY OF NEW HAMPSHIRE  
d/b/a EVERSOURCE ENERGY**

**Request for Change in Distribution Rates**

**June 12, 2024**

**CLEAN ENERGY NEW HAMPSHIRE  
PETITION FOR INTERVENTION**

Pursuant to the Notice of Intent issued on May 3, 2024 by Public Service Company Of New Hampshire, d/b/a Eversource Energy, in the above-captioned docket, N.H. Admin. Rules Puc 203.17, and in accordance with the standards of RSA 541-A:32, Clean Energy New Hampshire (“CENH”) hereby petitions for leave to intervene in this proceeding. In support of its Petition, CENH states the following:

1. CENH is a statewide nonprofit organization, which educates and advocates for an affordable clean energy system in New Hampshire. It has residential, business, and municipal members across New Hampshire. Its mission is to strengthen the state’s economy and conserve natural resources by promoting a transition to an economy powered by clean, affordable, and abundant energy resources.

2. CENH has received support from more than 500 members, including more than 130 businesses, 40 municipal members, comprising nearly 425,000 New Hampshire citizens, and more than 400 individuals in every corner of the Granite State. Further, each of NH’s regulated energy utilities is also a member of CENH. Therefore, our members have a collective substantial interest in this proceeding as it relates to the energy system as a whole and to electricity costs to consumers.

3. Moreover, CENH has a strong interest in the following subject areas, all of which could be directly or indirectly impacted by the findings made in this proceeding: interconnection; performance-based ratemaking, energy efficiency and conservation; and demand response.

4. CENH has been an intervenor in numerous adjudicative dockets including DE 11-250, DE 15-137, DE 16-576, DE 17-136, DE 17-189, DE 19-057, DE 19-064, DE 19-197, DE 20-092, DE 20-161, DE 20-170, DE 21-030, DE 21-078, DE 21-119, DRM 21-142, DE 22-060, and DE 23-039.

5. The rights, duties, privileges, immunities, and other substantial interests of CENH and its members will be affected by the decisions made in this proceeding. Additionally, those decisions will impact the core issues for which CENH was created to advocate.

6. CENH has participated in many proceedings before the Commission in the past on behalf of its members and clean energy practices and regulation in New Hampshire, and its participation in the proceeding will be in the interest of justice and will not impair the orderly and prompt conduct of this proceeding, nor will it delay the proceedings.

7. Clean Energy New Hampshire respectfully requests that it be granted full intervenor status in this proceeding.

Dated at Concord, New Hampshire, this 12<sup>th</sup> day of June 2024.

Sincerely,

Chris Skoglund  
Director of Energy Transition  
Clean Energy NH
