TOWN OF NEW BOSTON

Request for Approval of New Boston Community Power Electric Aggregation Plan

Procedural Order Re: Amendment to Approved Community Power Plan

On March 6, 2023, the Town of New Boston (New Boston) filed its Community Power Aggregation Plan (the Plan), which the Commission conditionally approved on May 2, 2023, in Order No. 26,812. The condition contained in Order No. 26,812 was satisfied by a subsequent filing by the Town on May 18, 2023. See Order No. 26,835 (May 31, 2023). On July 3, 2024, New Boston submitted an amendment to the Plan, which removes Good Energy, L.P. as a services provider.

Pursuant to RSA 53:E-7, IX, adopted community power electric aggregation plans may be amended and modified from time to time. Since this amendment does not substantially modify the terms of the Plan, no further review by the Commission is required under RSA chapter 53-E.

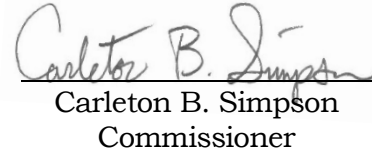

So ordered, this fifth day of August, 2024.
