

**STATE OF NEW HAMPSHIRE
PUBLIC UTILITIES COMMISSION**

DE 23-029

TOWN OF MILFORD

Request for Approval of Milford Community Power Electric Aggregation Plan

Procedural Order Re: Amendment to Approved Community Power Plan

On March 13, 2023, the Town of Milford (Milford) filed its Community Power Aggregation Plan (the Plan), which the Commission conditionally approved on May 12, 2023 in Order No. 26,819. The condition was considered fulfilled on June 27, 2023. See Order No. 26,852. On August 21, 2024, Milford submitted an amendment to the Plan, which removes Good Energy, L.P. as a services provider and makes other minor corrections.

Pursuant to RSA 53:E-7, IX, adopted community power electric aggregation plans may be amended and modified from time to time. Since this amendment does not substantially modify the terms of the Plan, no further review by the Commission is required under RSA chapter 53-E.

So ordered, this twenty-seventh day of August, 2024.

Daniel C. Goldner
Chairman

Pradip K. Chattopadhyay
Commissioner
