Re: DW 18-090, Pennichuck East Utility, Inc.
Small Diameter Private Fire Protection Non-Metered Service
Tariff Suspension

To the Parties:

In Order No. 26,152 (June 26, 2018), the Commission suspended the tariff that is the subject of this proceeding until September 27, 2018, for further investigation. On September 21, 2018, Commission Staff filed a recommendation requesting that the Commission suspend the tariff for two additional months until November 27, 2018, pursuant to RSA 378:6, I(b). Staff asserted that the parties need additional time to conduct further discovery in order to resolve all issues concerning the proposed tariff. Pennichuck East Utility, Inc. (PEU) filed its assent to the requested suspension on September 24, 2018.

The Commission has reviewed Staff's recommendation and determined that the suspension of the proposed tariff pursuant to RSA 378:6, I(b) for an additional period of two months, or until November 27, 2018 is warranted. Accordingly, the Small Diameter Private Fire Protection Non-Metered Service tariff proposed by PEU is suspended until November 27, 2018.

Sincerely,
