LATE PAYMENT CHARGES

- A Late Payment charge of 1.5% per month applies to all past due balances.
- Customers with past due balances who sign up for electronic payments will receive a one-time waiver of the late payment charge.
- Final collection procedures, temporary disconnection of service, and the requirements for deposit are unaffected by the application of a late charge. The late payment charge does not extend the time for payment or otherwise enlarge or change the rights of the customer. Notice of intention to pay late will not avoid this charge.
