STATE OF MAINE

Extracts from Title 35A Revised Statutes

Section 102: The term "commission" when used in this chapter, means the Public Utilities Commission.

The term "corporation" when used in this chapter, includes municipal and quasi-municipal corporations.

The term "person" when used in this chapter, includes an individual, a co-partnership and a voluntary association.

The term "water works" when used in this chapter, includes all reservoirs, tunnels, shafts, dams, dikes, headgates, pipes, gates, pipes, flumes, canals, structures and appliances, and all other real estate, fixtures and personal property, owned, controlled, operated or managed in connection with or to facilitate the diversion, development, storage, supply, distribution, sale, furnishing, carriage, apportionment or measurement of water for municipal and domestic use.

The term "water company" when used in this chapter, includes every corporation or person, their lessees, trustees, receivers or trustees appointed by any court whatsoever, owning, controlling, operating or managing any waterworks for compensation within this state.

Sec. 504. Accounts closed December 31st; balance sheet filed. The accounts of all public utilities shall be closed annually on the 31st day of December unless a different date is fixed by the commission, and a balance sheet of that date so fixed, promptly taken therefrom. Within 3 months after said date, or the date so fixed, such balance sheet together with such other information as the commission shall prescribe, verified by an officer or owner of public utility, shall be filed with the commission. Said commission may for good and sufficient cause extend said time for any public utility not exceeding 1 month and may, in its discretion, excuse any public utility from filing such returns when the gross revenue of such utility does not exceed the sum of \$50,000.

§ 1508-A - Administrative penalty

1. Penalty. Unless otherwise specified in law, the commission may, in an adjudicatory proceeding, impose an administrative penalty as specified in this section.

A. For willful violations of this Title, a commission rule or a commission order by a public utility or a competitive electricity provider, the commission may impose an administrative penalty for each violation in an amount that does not exceed \$5,000 or .25% of the annual gross revenue that the public utility or the competitive electricity provider received from sales in the State, whichever amount is lower. Each day a violation continues constitutes a separate offense. The maximum administrative penalty for any related series of violations may not exceed \$500,000 or 5% of the annual gross revenue that the public utility or the competitive electricity provider received from sales in the State, whichever amount is lower. [2003, c. 505, §23 (new).]

B. For a violation in which a public utility or a competitive electricity provider was explicitly notified by the commission that it was not in compliance with the requirements of this Title, a commission rule or a commission order and that failure to comply could result in the imposition of administrative penalties, the commission may impose an administrative penalty that does not exceed \$500,000. [2003, c. 505, §23 (new).]

C. The commission may impose an administrative penalty in an amount that does not exceed \$1,000 on any person that is not a public utility or a competitive electricity provider and that violates this Title, a commission rule or a commission order. Each day a violation continues constitutes a separate offense. The administrative penalty may not exceed \$25,000 for any related series of violations. [2003, c. 505, §23 (new).]

D. In addition to the administrative penalties authorized by this subsection, the commission may require disgorgement of profits or revenues realized as a result of a violation of this Title, a commission rule or a commission order. [2003, c. 505, §23 (new).]

2. Considerations. In determining the amount of an administrative penalty under this section, the commission shall take into account:

A. The severity of the violation, including the intent of the violator and the nature, circumstances, extent and gravity of the prohibited act; [2003, c. 505, §23 (new).]

B. The reasonableness of the violator's belief that the violator's action or lack of action was in conformance with this Title, a commission

C. The violator's history of previous violations; [2003, c. 505, §23 (new).]

D. The amount necessary to deter future violations; [2003, c. 505, §23 (new).]

E. The violator's good faith attempts to comply after notification of a violation; and [2003, c. 505, §23 (new).]

F. Such other matters as justice requires. [2003, c. 505, §23 (new).]

Section History: PL 2003, Ch. 505, §23 (NEW).

GENERAL INSTRUCTIONS

1. Prepare this report in conformity with the 1984 National Association of Regulatory Utility Commissioners Uniform System of Accounting for Water Utilities as modified by the Maine Public Utilities Commission pursuant to Chapter 610.
2. Interpret all accounting words and phrases in accordance with the Uniform System of Accounts (USOA).
3. Complete each question fully and accurately, even if it has been answered in a previous annual report. Enter the word "None" where it truly and completely states the fact.
4. For any question, section, or page which is not applicable to the respondent enter the words "Not Applicable." Do not omit any pages.
5. Where dates are called for, the month and day should be stated as well as the year.
6. All schedules requiring dollar entries should be rounded to the nearest dollar.
7. Complete this report by means which result in a permanent record, such as by typewriter or permanent black ink. Money items (except averages) throughout the report should be shown in units of dollars adjusted to accord with footings.
8. If there is not enough room on any schedule, an additional page or pages may be added provided the format of the added schedule matches the format of the schedule with not enough room. Such a schedule should reference the appropriate schedules, state the name of the utility, and state the year of the report.
9. The report must be filled out and one original returned by April 1 of the year following the date of the report. An electronic copy of the report should be filed according to the instructions sent to the utility. The report should be mailed to:

**Maine Public Utilities Commission
State House Station #18
Augusta, ME 04333-0018**
10. Water utilities with less than \$50,000 of annual operating revenues are not required to complete the shaded areas of the report form but must notify the Commission by letter that the revenues were less than \$50,000.

State of MAINE

County of OXFORD

SS

I, the undersigned, HUGH W. HASTINGS, II PRESIDENT
(Name of owner or officer) (Title)

of FRYEBURG WATER COMPANY
(Full Name of Respondent)

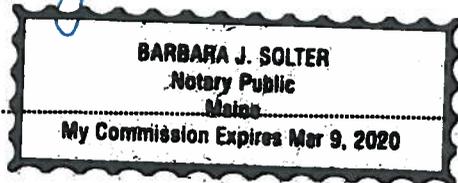

do make oath that the foregoing return has been prepared, under my direction, from the original books, papers, and records of said Company; that I have carefully examined the same, and declare the same to be a complete and correct statement of the business and affairs of said Company in respect to each and every matter and thing therein set forth; and I further say that no deductions were made before stating the operating revenues herein set forth, except those shown in the foregoing accounts; and that the accounts and figures contained in the foregoing return embrace all of the financial operations of said Company during the period for which said return is made, to the best of my knowledge, information, and belief.

Hugh W. Hastings, II, President
(Owner or Officer)

SUBSCRIBED AND SWORN TO before me

this 27th day of April, 2015
(month, year)

Bar J Solter

COMPANY PROFILE

Provide to the extent available a brief narrative company profile which covers the following areas:

- A. Brief company history
- B. Public services rendered
- C. Major goals and objectives
- D. Major operating divisions and functions
- E. Current and projected growth patterns
- F. Major transactions having material effect on operations

In 1883 the Fryeburg Water Company was formed to provide a more complete and updated water system to Fryeburg Village. To do this, they bought out the Fryeburg Aqueduct System that provided water to a small section of the Village as well as the Charter of the East Conway Water Co., which had a good source of supply and customers in East Conway, New Hampshire. The goal at the time was to provide good clean water to the area for domestic and commercial use.

Since then, Fryeburg Village has requested and the Water Company has responded to having adequate fire protection as well as use of water for manufacturing in Fryeburg.

The Fryeburg Water Company is basically a corporation that is owned by Fryeburg Citizens or those that have ties to Fryeburg. The Directors all live within the area served and it is their endeavor to maintain the Company and all its properties that it can properly serve the public today with an "eye" to the future at a reasonable rate of return for the stockholders, being fair to its employees for their work and still being reasonable to its customers, keeping its properties in a proper "updated" performance level as inflation and area growth continues.

Each year as we grow, we look at how it will affect those already being served, economics of it, and to the future long range of the Company.

In 2004, the Fryeburg Water Company received a Capacity Development Grant from the Maine Drinking Water Program. This report was completed in June 2005 and has helped to outline and prioritize upgrades to the system and capital improvements which we are currently addressing.

During the summer of 2005, 910 feet of 1883 pipe was replaced on Elm Street and all service lines were connected to the new main. The main transmission line to East Conway, New Hampshire to the surfaced end of Drift Road in Fryeburg, Maine was replaced including the Saco River crossing, leaving approximately 500 feet to be completed by 2008.

In 2006, a new transmission main from Main Street in East Conway, New Hampshire to the surfaced end of Drift Road in Fryeburg, Maine was replaced, including the Saco River crossing, leaving approximately 500 feet to be completed by 2008.

In 2007, an additional 300,000 gallon reservoir was constructed on Oak Ridge in Fryeburg and the final stage of the East Conway transmission main replacement was completed a year ahead of schedule.

The Fryeburg Water Company continues to anticipate the current and future needs of the system. Projects planned for 2008 include: 8 inch pipeline loop from the new storage tank to Leach Road and Chautauqua Hill; the transfer of 13 services from old to new mains; purchase of land for wellhead protection and future office; detailed mapping of the system; additional security fencing and additional metering to comply with the Public Utilities Commission requirements.

In 2008 the Fryeburg Water Company received a loan under the Source Water Protection provision of the State of Maine Safe Drinking Water Revolving Loan Fund Program and purchased two parcels of land for wellhead protection. Additional capital improvements in 2008 include detailed mapping of the distribution system with GIS/GPS; transferring 12 service lines from old transmission mains to new and additional metering of 24 services to comply with the Public Utilities Commission requirements.

CAPITAL STOCK (Acct. 201 & 204)
A.-With Par Value

For the purposes of this report, capital stock and other securities are considered to be nominally issued when certificates are signed and sealed and placed with the proper officer for sale and delivery or are pledged or otherwise placed in some special fund of the respondent. They are considered to be actually issued when sold to a bona fide purchaser for a valuable consideration, and such purchaser holds free from control by the respondent. All securities actually issued and not reacquired by or for the respondent are considered to be actually outstanding. If reacquired by or for the respondent under such circumstances as require them to be considered as held alive, and not canceled or retired, they are considered to be nominally outstanding.

Line No.	Class of Stock (a)	No. of shares specified in Articles of Incorporation (b)	Par value per share (c)	Authorized by P.U.C.		Par value issued actually outstanding at close of year (f)	Cash received as consideration for issue (g)	Cash value of other property acquired or services received as consideration for issue (h)	Amount nominally outstanding at close of year (i)

LONG TERM DEBT (Acct. 221, 223 and 224)
A- With Par Value

Submit particulars of the various unmatured bonds and other evidences of long term debt which were in existence at the close of the year. For the purposes of this report, capital stocks and other securities are considered to be nominally issued when certificates are signed and sealed and placed with the proper officer for sale and delivery or are pledged or otherwise placed in some special fund of the respondent. They are considered to be actually issued when sold to a bona fide purchaser for a valuable consideration, and such purchaser holds free from control by the respondent. All securities actually issued and not reacquired by or for the respondent are considered to be actually outstanding. If required by or for the respondent under such circumstances as require them to be considered as held alive, and not canceled or retired, they are considered to be nominally outstanding.

INSIDER TRANSACTIONS

35-A M.R.S.A. §709(3), Insider Transactions, requires that utilities submit to the commission with its annual report a report of insider transactions requiring review and approval under subsection 2. Subsection 2 states:

2. Approval and disclosure of insider transactions. An insider transaction shall be specifically reviewed and approved by the public utility's board of directors or trustees, provided that when an insider transaction is part of a series of related transactions involving the same insider, approval of each separate transaction is not required so long as the public utility's board of directors or trustees has reviewed and approved each series of related transactions and the terms and conditions under which the transactions may take place. The minutes of the meeting at which approval is given shall indicate the nature of the transaction or transactions, that the review was undertaken and approval given and the names of individual directors or trustees who voted to approve or disapprove the transaction or transactions. In the case of negative votes, a brief statement of each dissenting director's or trustee's reason for voting to disapprove the proposed insider transaction or transactions shall be included in the minutes if its inclusion is requested by the dissenting director or trustee.

Transaction Description	Annual Amount
In 2014, Hugh Hastings, II, President, Director and stockholder, received \$9,100 for rental of part of the building used as Company offices. Mr. Hugh Hastings II and Mr. John Hastings, a stockholder and Director, each have employment agreements with the Fryeburg Water Company.	
The Company paid for services and products totaling \$412 from businesses owned by one Trustee in 2014.	
In 2012, the Company borrowed \$16,000 from Hugh Hastings, II, President, Director and stockholder at 0% interest to be repaid within one year. The money was not paid back in 2014.	

Accounting for Pension and Post-Retirement Benefits

Both GAAP and GASB have specific requirements for the accounting for Pension and Post-Retirement Benefits. In the space below the utility should summarize how it accounts for pensions and post retirement benefits (pay as you go, accrual) and any changes in that accounting during the last calendar year. In addition, the utility should list all accounts that it used to record these costs during the calendar year.

Description of Accounting for Pension and Post-Retirement Benefits:

Simple IRA defined contributon plan with a 3% Company Match

Accounts Charged During Year:

SECTION**

WATER OPERATING REVENUES (Acct. 400)

1. Report below the amount of operating revenue for the year for each prescribed account and the amount of increase or decrease over the preceding year.
2. If increases and decreases are not derived from previously reported figures explain any inconsistencies.
3. Number of customers should be reported on the basis of number of meters, plus number of flat rate accounts except that where separate meter readings are added for billing purposes one customer shall be counted for each group of meters so added. If the customer count in the residential service classification includes customers counted more than once because of special services, such as air conditioning, etc. indicate in a footnote the number of such duplicate customers included in the classification.
4. Unmetered sales should be included below.

Line No.	ACCT NO.	Account Name (b)	Operating Revenues			Thousand Gallons Sold*		
			Amount for Year (c)	Increase or decrease from preceding year (d)	Amount for year (e)	Increase or decrease from preceding year (f)	Number of Customers for Year (g)

28		Total Operating Revenues	554,791	(5,208)	153,856	(14,462)		824

*Where water meters record cubic feet, multiply cubic feet by 7.48 to obtain number of gallons.

WATER OPERATING REVENUES SUBJECT TO PUC/OPA ASSESSMENT

Using the information reported on page W-3, calculate the revenues subject to Commission Assessment per 35-A M.R.S.A. §116. This section defines revenues as follows: "For the purpose of this section, 'intrastate gross operating revenues' mean intrastate revenues derived from filed rates, except revenues derived from sales for resale." Therefore, Sales for Resale should be excluded when calculating the revenues subject to assessment.

Line	Description	Annual Revenues	Amount Subject to Assessment
1	Total Water Revenues (from W-3 line 28, Column c)	\$554,791	
2	Total Sales for Resale - Account 444 (from W-3 line 18, Column c) <u>Sales in New Hampshire</u>	\$18,956	
3	Net Subject to Assessment (Line 1 minus Line 2)		\$535,835
