John & Patty

We did an audit of the Dover-Foxcroft LVR provided by Fairpoint. On the attached spreadsheet, there are 3 tabs. The first tab provides listings that should not have been on the LVR but were. We have provided the PON & PON status of each JB-D order that was done to delete the listings. The second tab provides listings that should've been on the LVR but were not. We have provided the PON, PON status and/or Listing CSR status to prove the listings should be there. The third tab is for mismatches between the LVR and listings requested. Again, we have provided you with information proving the listings should not be wrong. Please ensure all of these listings get added, removed or corrected in Idearc's listing files before the book close date.

FYI, we are now working on the same audit process for Portland's upcoming closing. We will forward the missing and incorrect Portland listing results to you as soon as possible.

Please let me know if you have any questions or need further information.

Thank you,

Sandy Lyon
