

N.H.P.U.C. Case No.	DE 10-261
Exhibit No.	PSNH-22
Witness	Panel 9
DO NOT REMOVE FROM FILE	

Witness: Richard L. Levitan
Request from: New Hampshire Public Utilities Commission Staff

Question:

Ref. Appendix G at page 33. LAI states that "Quantification of Newington Station's economic value requires a forecast of wholesale market prices in New England ." Please identify all forecasts of wholesale market energy prices in New England prepared by LAI on or after January 1, 2010 regardless of client. In your response, please provide the date of the forecast, the name of the client, the regulatory proceeding in which the forecast was used, and the forecast term.

Response:

The table below provides a summary of the requested information. Please note that the forecast data were filed as protected information in all of these dockets except for MA EFSB 10-3.

Client	Proceeding/Docket Number	Date(s) of Forecast	Forecast Term
