Request from: New Hampshire Public Utilities Commission Staff**

Question:

Please explain the various circumstances that could exist if Rate ADE is closed and subsequently re-opened, and customers transfer between competitive supply and default service following closure and/or re-opening of Rate ADE. Please include in your response discussion of the impact(s) to the twelve-month customer supply period and twenty-four month Rate ADE service period under each of the scenarios.

Response:

Please see the attached flowchart for the various circumstances that could exist if Rate ADE is closed and subsequently re-opened.
