Dear Ms. Howland:

Enclosed are eight (8) copies each of the confidential and public versions of the Stabilization Plan of Northern of New England Telephone Operations LLC, d/b/a FairPoint-NNE ("FairPoint"). The confidential version is being furnished to the Commission pursuant to RSA 378:43 and to the Office of Consumer Advocate pursuant to the Protective Agreement in this Docket. FairPoint represents that the materials marked "Confidential" pertain to the provision of competitive services; set forth trade secrets or other confidential information falling within the scope of RSA 378:43,II(b); and are not general public knowledge or published elsewhere, FairPoint having taken measures to prevent dissemination of the information in the ordinary course of business.

The business processes designed to return service to acceptable levels for wholesale and retail services for the issues detailed in this request are presented in the Stabilization Plan filed with the Commission on April 1, 2009. These have been supplemented and the processes measured by the updated measurements and milestones that are also included within the Stabilization Plan being filed with the Commission today. The updated measurements and milestones are prepared and submitted in accordance with the reporting spreadsheet attached to Secretarial Letter of April 9, 2009.

Very truly yours,
