Re: DT 07-011 – FairPoint Communications, Inc.

Dear Ms. Howland:

On March 13, 2009, the New Hampshire Public Utilities Commission issued an order scheduling a status conference on April 3, 2009, at which FairPoint Communications, Inc. (“FairPoint”) will provide a “detailed description of its progress in the post-cutover process.” Order at 2. It is not clear from the order whether other parties will be allowed the opportunity to provide information to the Commission regarding these issues.

Therefore, One Communications respectfully requests that One Communications and other competitive local exchange carriers (“CLECs”) who are parties to this proceeding and who may wish to do so, be allowed the opportunity during this status conference to provide information to the Commission regarding the experiences that CLECs are having with FairPoint’s post-cutover processes. One Communications believes that this information from CLECs, who have been directly affected by FairPoint’s post-cutover processes, will be helpful to the Commission in its evaluation.

If you have any questions concerning this matter, please do not hesitate to contact me.

Very truly yours,

A handwritten signature in black ink, appearing to be "P. Foley".
