Application to Renew Registration as a Provider of Electric  
Aggregation Service  
**Staff Recommendation**

**TO:** Debra Howland, Executive Director

On June 14, 2021, Best Practice Energy, LLC (Best Practice) filed an application to renew its registration as a provider of electric aggregation service. Best Practice's currently-effective registration expires on July 29, 2021.

Staff has reviewed the application and has determined that the filing is complete and the application meets the requirements for registration under N.H. Code Admin. Rules Puc 2000. Staff notes that, pursuant to Puc 2003.06(a), Best Practice's renewal application should have been filed at least 60 days prior to the expiration of the currently-effective registration, on or before May 30, 2021. Staff recommends that a waiver of Puc 2003.06(a) be granted under Puc 201.05 and that Best Practice's application to renew its registration as a provider of electric aggregation service be approved, effective as of July 29, 2021, for a term of two years.
