Subject: Docket 22-060 Net Energy Metering

Dear Clerk:

This letter is in support of the Settlement Agreement relating to net metering which has been agreed to by the electric utilities, Clean Energy NH, the Conservation Law Foundation, the NH Hydro Association and the Office of Consumer Advocate.

The Settlement Agreement is critical to managing costs, does not unduly burden ratepayers and is beneficial to everyone in the State.

Sincerely, Wiltrud R. Mott-Smith,

[Project manager for the ground-mounted solar array at the Concord Unitarian Universalist Church; past member of Loudon Energy Committee; homeowner with solar panels]
