Governor Sununu,  
(cc: NH-PUC, NH-DOE)

I recently learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

I urge the PUC to accept this Settlement Agreement. I want to see New Hampshire transition to clean energy, and I'm concerned about how far we're currently behind other states in this regard - and net metering is part of the progress we can make toward this goal. I've also had multiple contractors visit my house because we're planning to invest in solar energy to stabilize and offset electricity costs. We can't do that without net metering.

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket.

Sincerely,

Matthew Boulton
