Governor Sununu,

(cc: NH-PUC, NH-DOE)

I recently learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association. I urge the PUC to accept this Settlement Agreement.

I am a resident who has had solar on my house since 2009. I am also a business owner of Filtrine Mfg. Co. which installed a large solar array on our factory roof in 2019. I have served on the Energy and Climate Committee for the City of Keene. I am very much in favor of maintaining the current net metering for solar so that our community can continue to work towards 100% renewable energy as approved by our City Council in 2019.

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket.

Sincerely,

Peter D. Hansel

Keene, NH
