I recently learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

I urge the PUC to accept this Settlement Agreement.

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket. I have a solar installation on my home and I would much rather my excess energy go to the grid and into a neighbor's home. Thus helping someone who might not be able to have solar on their property.

Sincerely,

Elizabeth Hansel
