---

Governor Sununu,

I recently learned that the NH Public Utilities Commission may soon release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

I urge the PUC to accept this Settlement Agreement.

I was part of a group of citizens who helped our town install solar on our town library as well as near our police/fire/highway station. We are looking at other possible solar sites now. These projects are so important in keeping town costs under control and lessening our contribution to climate change.

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket.

Sincerely,

Lisa Sieverts

Nelson, NH
