Governor Sununu, NH-PUC and NH-DOE,

I am the Chairperson of our local Energy Committee.

I recently learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

I urge the PUC to accept this Settlement Agreement.

In Sandwich, we have several solar projects being planned. If this happens, we may have to stop work on these solar arrays. This would mean that our town will continue to pay high electricity prices.
