Subject: Concerned about the future of net metering in NH (PUC Docket DE 22-060)

EXTERNAL: Do not open attachments or click on links unless you recognize and trust the sender.

Dear Governor Sununu,

I recently learned that the NH Public Utilities Commission (PUC) is about to release an Order concerning PUC Docket DE 22-060 on Changes to the Current Net Metering Tariff Structure. I understand a Settlement Agreement has been filed by the three investor-owned electric utilities, Clean Energy NH, Conservation Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

I urge the PUC to accept this Settlement Agreement. We need Net Energy Metering. The Net Energy Metering stimulates the economy. I recently retired and could use the money in New Hampshire to help generate the economy here. We also need Net Energy Metering in New Hampshire now more than ever before for NH's economy, and because the clean energy of solar will help us NH humans to survive the Climate Crisis. Solar is clean energy and does not pollute the air we breathe like fossil fuels do. Please support Net Energy Metering.

I am copying the PUC Clerk on this email so that my concern and support for the Settlement Agreement will be entered into the docket.

Sincerely,

Carey Compton

Spofford NH
