To the NHPUC Clerk:

I am writing on behalf of "Senior Stewards Acting for the Environment" ([SSAFE.Org](https://www.ssafe.org)), an organization of 160 Senior Citizens, residents at Kendal in Hanover. We are committed to combat climate change and we are active voters. We anticipate someday augmenting our current systems with direct solar energy, and we are deeply committed to forwarding New Hampshire's transition to clean energy at the earliest possible time. Net metering is a vital step in enabling homeowners to make that conversion. To remove that option is the exact opposite of what we should be doing, and we oppose the current effort to do so.

Thank you,

L.A. Daloz, Co-founder

SSAFE at Kendal at Hanover

You cannot get through a single day without having an impact on the world around you. What you do makes a difference, and you have to decide what kind of difference you want to make.
