Dear Governor Sununu,  
(cc: NH-PUC, NH-DOE)

I have recently learned that the NH Public Utilities Commission is about to release an Order concerning PUC Docket DE-22-060 on Changes to the Current Net Metering Tariff Structure.

I understand a Settlement Agreement has been filed by the three investor-owned electric utilities: Clean Energy NH, Conservations Law Foundation (CLF), the Office of the Consumer Advocate (OCA), and the NH Hydro Association.

**I urge the PUC to accept this Settlement Agreement.**

As a homeowner who has had solar on my home for over 15 years, I would hate to see others deprived of the chance to use net metering and solar power. It would be a shame to prevent others from using the clean and free power of the sun to heat and light their homes. The use of, and investment in, Solar Energy needs to be **encouraged**, thus becoming more of an everyday thing for NH residents and businesses, and allowing NH to be become a leader in the use of renewal energy.

Thank you.

Sincerely,  
Cynthia P. White  
Sandwich, NH
